Conceived and executed in collaboration with Dr. Ankita Jalori, one of India's pre-eminent nutrition and wellness consultants, the menu has been curated to achieve the impossible balance between your health needs and your gastronomic expectations. Our mixologists have worked behind the scenes to carefully curate cocktail recipes using traditional ingredients to balance health benefits and taste.

The cocktails are low calorie and high in functional compounds, vitamins, minerals, and antioxidants there by bringing the benefit of the ingredients to the fore. The magic key to health benefits through cocktails is always moderate drinking.
