Independent Auditor's Report

To the Members of Schloss Chennai Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Schloss Chennai Private Limited (the "Company") which comprise the balance sheet as at 31 March 2022, and the statement of profit and loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making

judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Accordingly, clause 3(x)(b) of the Order is not applicable.
- (xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of our audit procedures.
- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- (xiii) The Company is a private limited company and accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.
- (b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
- (d) The Company is not part of any group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016 as amended). Accordingly, the requirements of clause 3(xvi)(d) are not applicable.
- (xvii) The Company has incurred cash losses of Rs 560.12 millions in the current financial year and Rs 527.84 millions in the immediately preceding financial year.

Annexure A to the Independent Auditor's Report on the Financial Statements of Schloss Chennai Private Limited for the year ended 31 March 2022 (Continued)

- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- (xix) We draw attention to Note 2.2 to the financial statements which explains that the Company has incurred losses in current year and previous year and has accumulated losses as at 31 March 2022. Further, the Company's current assets exceed its current liabilities as at 31 March 2022 by Rs 1,081.88 millions.

During the first three months of the year, the Company witnessed softer revenues due to the second wave of COVID-19 and consequent lockdowns in several states across the country. Also there was a third wave in the month of January 2022, resulting in restrictions in some states, which also adversely impacted the revenues. This year the Company has seen quite an improvement in business over the previous year, as this year the Company had lesser impact of COVID-19 with lesser restrictions. During the year, the Company has obtained working capital loan from a Bank which has resulted in increase in cash balance as at 31 March 2022. Based on these initiatives undertaken by the Company, there is adequate cash balance to meet its obligations.

On the basis of the above and according to the information and explanations given to us, on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of Schloss Chennai Private Limited for the year ended 31 March 2022

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Schloss Chennai Private Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

Annexure B to the Independent Auditor's Report on the financial statements of Schloss Chennai Private Limited for the year ended 31 March 2022 (Continued)

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SCHLOSS CHENNAI PRIVATE LIMITED

Notes to the financial statements for the year ended 31 March 2022 (Continued)

1 Company information

Schloss Chennai Private Limited ("the Company") an Indian subsidiary of Project Ballet Chennai Holdings (DIFC) Private Limited, was incorporated on 22 February 2019 under the provisions of Companies Act, 2013 and started its operations effective 17 October 2019 by acquiring Chennai hotel undertaking of HLV Limited. The Company is in the hospitality industry and operates hotel under the brand name of "THE LEELA".

2 Significant accounting policies

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

2.1 Basis of preparation of financial statements

The accompanying financial statements are prepared in compliance with the requirements under Section 133 of the Companies Act, 2013 ("the Act"), read with Rule 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standard Amendment Rules, 2016) and other Generally Accepted Accounting Principles ("GAAP") in India, under the historical cost convention, on the accrual basis of accounting. The financial statements are prepared in Indian rupees in millions.

2.2 Going Concern

The Company has incurred a loss of Rs.725.2 millions during the year ended 31 March 2022, has accumulated losses of Rs.1573.19 millions and net worth of Rs.55.49 millions at 31 March 2022.

During the first three months of the year, the Company witnessed softer revenues due to the second wave of COVID-19 and consequent lockdowns in several states across the country. Also there was a third wave in the month of January 2022, resulting in restrictions in some states, which also adversely impacted the revenues. This year the Company has seen quite an improvement in business over the previous year, as this year the Company had lesser impact of COVID-19 with lesser restrictions.

During the year, the Company has obtained working capital loan from a Bank which has resulted in increase in cash balance as at 31 March 2022.

Based on these initiatives undertaken by the Company, there is adequate cash balance to meet its obligations.

The Company has assessed the potential impact of Covid-19 on its capital and financial resources, profitability and overall liquidity position. In developing the assumptions and estimates relating to the future uncertainties in the economic conditions because of this pandemic, the Company as at the date of approval of these financial statements has used internal and external sources of information and based on current estimates, expects to recover the carrying amounts of assets. The impact of Covid-19 may be different from that estimated as at the date of approval of these financial statements. The Company will continue to closely monitor any material changes to future economic conditions as the COVID-19 situation continues to evolve.

In view of the above, the Company believes that it will be able to meet all its contractual obligations and liabilities as and when they fall due in near future and accordingly, these financial statements have been prepared on a going concern basis.

2.3 Use of estimates

The preparation of financial statements in conformity with GAAP in India requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses and the disclosure of contingent liabilities on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements which in management's opinion are prudent and reasonable. Actual results may differ from the estimates used in preparing the accompanying financial statements. Any revision to accounting estimates is recognised prospectively in current and future periods.

2.4 Current / Non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realised in, or is intended for sale or consumption in the entity's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realised within twelve months after the balance sheet date; or
- it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the balance sheet date.

Current assets include the current portion of non-current assets

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the entity's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within twelve months after the balance sheet date; or
- the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current liabilities.

All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

SCHLOSS CHENNAI PRIVATE LIMITED
Notes to the financial statements for the year ended 31 March 2022 (Continued)

2.5 Foreign exchange translation

Initial recognition

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

Conversion

Monetary items denominated in foreign currencies at the year end are restated at year end rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange difference

Exchange differences arising on the settlement or on reporting of monetary items of Company at rates different from those at which they were initially recognized are recorded as income or expense in the year in which they arise.

2.6 Cash flow statement

Cash flows are reported using indirect method, whereby profit / (loss) before tax for the year is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated.

2.7 Cash and cash equivalents

Cash comprises of cash in hand and demand deposits with banks, cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.8 Earnings per share

The basic and dilutive earnings per equity share is computed by dividing the net profit or loss for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share and also the weighted average number of shares that could have been issued on the conversion of all dilutive potential equity shares, unless the results would be anti-dilutive.

2.9 Revenue recognition

Revenue is recognised upon rendering of the service, provided pervasive evidence of an arrangement exists, tariff / rates are fixed or are determinable and collectability is reasonably certain. Revenue comprises sale of rooms, food and beverages and allied services relating to hotel operations, including management and operating fees. Rebates and discounts granted to customers are reduced from revenue.

Interest income

Interest income is recognised on a time proportion basis taking into account amount outstanding and interest rate applicable.

2.10 Property, plant and equipment

Property, plant and equipment (tangible assets) are carried at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment upto the date the asset is ready for its intended use.

Capital work-in-progress comprises of the cost of property, plant and equipment that are not yet ready for their intended use at the balance sheet date.

Depreciation on tangible property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of buildings, plant and machinery and furniture and fixtures, in whose case the life of the assets had been re-assessed as under based on technical evaluation, taking into the account the nature of the asset, the estimated usage of the asset, aspects such as modifications effected since acquisition, the present condition of the existing assets and level of maintenance.

Depreciation is provided on a pro-rata basis i.e. from the date on which assets is ready for use. Depreciation on sale of asset is provided up to the date of sale of the asset.

SCHLOSS CHENNAI PRIVATE LIMITED
Notes to the financial statements for the year ended 31 March 2022 (Continued)

Based on the above, the estimated useful lives of the property, plant and equipment are as follows:

Category of assets	Useful life as per Schedule II (in years)	Useful life as per Technical Assessment (in years)
Buildings	60 years	60 years
Plant and machinery	15 years	5 years to 15 years
Plant and machinery - Windmill	25 years	25 years
Furniture and fixtures	8 years	8 years
Office equipments	5 years	Not Applicable
Computers	3 years	Not Applicable
Data processing units	6 years	Not Applicable
Vehicles	6 years	Not Applicable

A property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses from disposal / retirement of an tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss.

2.11 Intangible assets

Intangible assets are carried at cost of acquisition less accumulated amortisation and impairment loss, if any. Intangible assets are amortized on a straight-line basis over the period in which economic benefits will be derived from their use. The amortisation period and the amortisation method are reviewed atleast each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

Based on the above, the estimated useful lives of the intangible assets are as follows:

Category of assets	Useful life (in years)
Computer software	6 years

An intangible asset is derecognised on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses from disposal / retirement of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss.

2.12 Impairment of assets

In accordance with AS 28 on 'Impairment of assets', the Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. Value in use is the present value of the estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. In assessing the value in use, the estimated future cash flows are discounted to their present value based on appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss.

If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to maximum of depreciable historical cost.

2.13 Taxation

Income tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period).

Current tax

Provision for current tax is recognized based on the estimated tax liability computed after taking credit for allowances and exemptions in accordance with the tax laws applicable to the Company.

Deferred tax

Deferred tax is recognized in respect of timing differences between taxable income and accounting income i.e. differences that originate in one period and are capable of reversal in the subsequent periods. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that the sufficient future taxable income will be available against which such deferred tax assets can be realized.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realized.

2.14 Employee benefits

Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include salary, wages and bonus, short term compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits (including compensated absences) expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period of rendering of service by the employee.

Long term employee benefits

Defined contribution plans

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are recognized as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans

(Post-employment benefit)

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation by an independent actuary using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on government securities as at the balance sheet date. When the calculation results in a benefit to the Company, the recognised asset is limited to the net total of any unrecognised actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan. Actuarial gains and losses are recognized immediately in the statement of profit and loss.

Other long-term employee benefits

Compensated absences

The employees can carry forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or received cash compensation on termination of employment. The Company records obligation for compensated absences in the period in which the employee renders services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation.

2.15 Inventories

Stock of food and beverages and stores and operating supplies are carried at the lower of cost (computed on a weighted average basis) or net realisable value. Cost includes the fair value of consideration paid including duties and taxes (other than those refundable), inward freight and other expenditure directly attributable to the purchase. Trade discounts and rebates are deducted in determining the cost of purchase.

2.16 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. Lease arrangements, where the risks and rewards incidental to ownership of an asset substantially vests with the lessor, are recognised as operating leases.

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item are capitalised at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the statement of profit and loss. Lease management fees, legal charges and other initial direct costs of lease are capitalised.

Lease payments under operating lease are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

2.17 Provisions and contingent liabilities

A provision is recognised if, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. The provisions are measured on an undiscounted basis.

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably.

Contingencies:

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continuously and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

36 Employee benefits

(a) Defined contribution plan

The Company makes provident fund contributions to defined contribution plans for qualifying employees. Under the plan, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions payable under these plans by the Company are at rates specified in the rules of the schemes.

The contributions are charged to the statement of profit and loss as they accrue. The amount as an expense towards contribution to provident fund, employees state insurance and labour welfare fund for the period aggregated to Rs. 7.57 millions (Previous Year: Rs. 7.82 millions.)

(b) Defined benefit plan

Gratuity:

The Company operates post-employment defined benefit plan that provides gratuity. The Company has partly funded the defined benefit plan for eligible employees. The scheme provides for lumpsum payment to eligible employees on retirement, death while in employment or on termination of employment, of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months subject to a limit of Rs. 20 lakhs. The unfunded portion as well as the amounts in excess of the limit are to be borne by the Company as per policy. Eligibility occurs upon completion of five years of service.

The present value of the defined benefit obligation and current service cost are measured using the projected unit credit method with actuarial valuations being carried out at each balance sheet date.

The employees of HLVs Limited were eligible and covered under the existing Group Gratuity-cum-Life assurance policies administered through HLVs Limited, Employee Group Gratuity Life Assurance Scheme. On 16 October 2019, the Company and HLV Limited has entered into a Business Transfer Agreement ("BTA") for acquisition of Chennai hotel operations (the "Hotel") of HLVs Limited. Pursuant to BTA, there has been complete transfer of employment at the Hotel to the Company and the continuity of services for every employee at the Hotel was conserved. Pending transfer of plan assets and obligations under the existing policy of HLV Limited, Employee Group Gratuity Life Assurance Scheme to the new policy of Schloss Chennai Private Limited as at the reporting date, the Company has considered the fair value of plan assets and obligations pertaining to the transferred employees at the hotel as accumulated under the existing policies for the purpose of actuarial valuation.

The following details summarises the position of assets and obligations relating to the gratuity plan:

Expected rate of salary increase	7.00%	7.00%
Mortality rate	100% of IALM (2012-14)	100% of IALM (2012-14)

The principal assumptions are the discount rate and salary growth rate. The discount rate is generally based upon the market yields available on government bonds at the accounting date relevant to currency of benefit payments for a term that matches the liabilities. Salary growth rate is Company's long-term best estimate as to salary increases and takes into account the inflation, seniority, promotion, business plan, HR policies and other relevant factors on long-term basis as provided in relevant accounting standard.

Compensated absences:

The reversal of compensated absences (non-funded) for the period ended 31 March 2022 amounting to Rs. 1.47 millions (Previous Year: Rs. 4.51 millions) has been recognized in the statement of profit and loss, based on actuarial valuation carried out using Projected Unit Credit Method.

37 Segment reporting

The Company's only business being hoteliering, disclosure of segment-wise information is not applicable under Accounting Standard 17 - 'Segment Information' (AS-17) prescribed under Section 133 of the Companies Act, 2013. There is no geographical segment to be reported since all the operations are undertaken in India.

38 Property, plant and equipment as at 31 March 2022 includes asset acquired under finance lease amounting to Rs. 3.50 millions (Previous Year: Rs. 3.50 millions) capitalised in line with the requirements of Accounting Standard on "Leases" (AS-19). Depreciation for the period includes an amount of Rs. 0.26 millions (Previous Year: Rs. 0.26 millions) being depreciation charged on these assets.

The year-wise break-up of the outstanding lease obligation as on 31 March 2022 in respect of these assets are as under:

39 The Company has entered into operating lease arrangements primarily for office premises. These leases are generally not non-cancellable in nature and may generally be terminated by either party by serving a notice. These arrangements are normally renewed on expiry, wherever required. During the period, an amount of Rs. 0.01 million (Previous Year: Rs. 0.22 million) was recognised as an expense in the statement of profit and loss in respect of operating leases.

40 Transfer pricing

The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income-tax Act, 1961. The Company's transactions with related parties are at arms length as per the independent accountant's report for the year ended 31 March 2021.

Management believes the Company's transactions with related parties post 31 March 2021 continue to be at arms length so that the aforesaid legislation will not have any impact on these financial statements, particularly on the amount of tax expenses and that of provision for tax.
